

Our brain is a naturally powerful sound processor. ReSound Vivia™ embraces this fact, enhancing your natural hearing intuition and ability to focus on what matters with intelligent hearing aids that are the industry's best for hearing in noise.¹

Empowering you to decide on what you want to focus on at any given time

Enhancing your brain's natural strengths so you can experience sounds more vividly and effortlessly²

Enabling you to be in control of your hearing and determine what you want to hear

ReSound Vivia

Sound is more vivid than ever¹ with Intelligence Augmented – a human approach to AI

Resound Vivia microRIE actual size

Reference: 1. Schumacher & Groth (2025).

Celebrating natural hearing

Spotlight speech, reduce distractions

ReSound Vivia is the industry's best for hearing in noise¹, making conversations easier to understand in any situation.

Stay in control of your hearing

ReSound Vivia automatically adjusts to your environment and picks up speech cues for greater listening comfort at the level you need.

Tone down distracting sounds

ReSound Vivia was trained to tone down thousands of known distracting sounds² and highlight the sounds you want to hear instead.

Hear clearly everywhere

TV-Streamer+

Get speech clarity by streaming the sound from the TV to your ears at your preferred volume.

Multi-Mic+

The Multi-Mic+ offers the next generation of connectivity, now. Use it to start an Auracast stream, which you can share with a larger group.

References: 1. Groth & Cui (2023) + Jespersen et al. (2024); 2. GN data on file (2025).

Connect to what you want, anywhere

Enjoy future-proof connectivity with the clearest Bluetooth® experience ever¹ and exciting Auracast™ broadcast audio.

Easily start streaming

Get the clearest all-day streamed sound with low battery drain and a reliable connection¹ – or tap to pick up hands-free calls from iPhone, iPad and compatible Android™ mobile devices.*

More convenience with MultiConnect

Pair to two smart devices at once with MultiConnect** for uninterrupted streaming – such as taking a phone call while streaming music from a laptop.

Auracast for all

Use the world’s first Auracast Assistant for hearing aids², available in the ReSound Smart 3D™ app, to make your phone Auracast-compatible and to access, manage and share audio streams.

* Hands-free calls are compatible with iPhone 11 or later, iPad Pro 12.9-inch (5th generation), iPad Pro 11-inch (3rd generation), iPad Air (4th generation), iPad mini (6th generation), iPad (10th generation) or later, with software updates iOS 15.3 and iPadOS 15.3 or later. Bluetooth LE Audio works with ReSound Vivia and compatible mobile devices with Bluetooth 5.3 or later. Check compatibility on gnhearing.com/products/compatibility.
** Only available for ReSound Vivia microRIE.

All-day comfort¹ and power for your ears

ReSound Vivia hearing aids are built for great wearability. The all-day battery power keeps you going even when streaming.*

Discreet styles

Enjoy the latest technology designed for everyday life, with robust and all-weatherproof IP68-rated designs. Choose the industry's smallest AI hearing aids² or non-rechargeable small styles.

Durable design

Each hearing aid has all-weatherproof IP68-rated nanocoating on every part for extra durability.

All-day battery*

Even when streaming and in difficult listening situations, our microRIE style offers 30 hours of use on one charge – and 20 hours when streaming 50% of the time or using the new Intelligent Focus feature.

* All-day battery on one charge is based on an average use time of 20 hours, streaming 50% of the time.
